

EXTRACT OF THE DECISION TAKEN IN FILE NO.5212/B1-Est/2013.

55. For making transfer and postings a little more transparent and complaint free, the following suggestions are made.

- (a) General transfer may be stopped with in future.
- (b) Only request transfers of eligible hands as per Government approved transfer norms shall be considered and that itself only during the month of April-May.
- (c) Only request transfer on open vacancy need be considered during other months.
- (d) Transfer without request during other months may be effected only for the smooth functioning of the office/extreme administrative necessity and that itself should not involve change of districts to the maximum possible extent causing least inconvenience to the employees.
